I Care

**Promise**

**Provision**

Our circumstances never test the character of God. They serve only to test **our understanding & trust** in the character of God.

Faith involves understanding God's nature (who He is) and being convinced that He will always relate to you according to His nature.

**God's Pro-Vision**

**Passing the Test**

1. Believe that He is "the God who provides" and trust God to be fully consistent with His nature.
2. Practice immediate obedience. Place that which is most cherished in your life on the altar. Surrender to Him completely.
3. Be prepared to praise and thank Him, whether He restores your "Isaac" or removes it. Remember He is God, fully loving and all together trustworthy.
